Why work with a Professional Travel Planner?

Let's face it – it sounds like a lot of fun to work on travel, but if you are considering a travel program, we don't want to see you fall into the trap of trying to become something you're not – a professional travel planner. Just as you bring professionals to your institution to perform certain tasks, we strongly suggest you work with a travel professional that does trip planning exclusively for a living.

Advantage Cruises & Tours is that professional travel company. We want to earn your business and loyalty. We work with all major Tour Operators and Cruise Lines so that we are your One-Stop shop for travel. We work **with you** when planning trips. We encourage your input and trust your knowledge of your group.

Advantage Cruise & Tours specializes in custom group travel. We strive to provide great customer service. We provide high quality trips with value-added features to help build your group's loyalty and increase memberships. We offer personalized service to each group travel coordinator, making your job easier. We look forward to working with you to build great trips and relationships.

Our Services are Free! No additional cost to you or your group members.
